

hold
on!

are you
okay?

[coral-kun]

this
is no
good

....

even if
someone
tried to
come save
me the
fire is
everywhere

fwoom

you
reap
what
you
sow

well, I was
the one
who placed
those
gasolines
there

there isn't
anyone in
this school
who would
come save
the hated
me anyway

I'll
save
you
right
now
!!

as if I'll
abandon
you
!

drag
drag
drag

you're safe

I knew it

I'm
sorry
I
don't
follow

eh?

how can
you say
that my
life is more
important
than
yours?

...
sensei

you and
me, our
relationship
is just
teacher
and
student

adding
to that
we just
met
yester-
day

W...
well

this is
the
second
time

my life
being
saved
by an
outsider

getting my
clothes
peeled off
at least
once a
day
—

getting
tested
how many
pencils
could be
placed in my
asshole
—

since it's
calligraphy
ink it falls
off in the
water and
you can't
get out
from it

being made
to swim in
the pool full
commando
with fake
swimwear
painted on
with
calligraphy
ink...

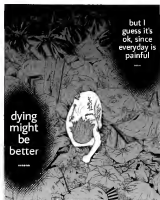

I was
trashed into
the incinerator that
was at the back
of the school house
along with
other trash

and
then
one
day

£ 100% understanding

but that
guy didn't
remember
me at all

from that
day me and
Koyama
played
together
alot

until my
parents
divorced
and I
had to
move

everyone called
me "Crap", and there
wasn't anyone close
who would call me
by my first name,
Getsuto, so I guess
it's expected that
he doesn't
recognize me

well... I'm
like a
completely
different
person now
because of
so many
changes, and
my last name
changed too

!

ha
ha
ha

when I
replayed
my days
of defeat,
sweat
started
pouring
from my
eyes—

no it
is not
for
you
at all

...

you're
crying
for
me?

se-
sensei

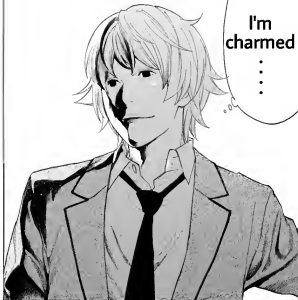

sensei,
you
